Snake Pit!

Snakes, snakes and more snakes - big ones little ones, fat ones and skinny ones. . . .Yuck!

A snake pit was found about 10 miles northeast of Winifred. Bobby and Patsy Simac are the "proud owners" of the pit, which is a little over a mile east of their house.

So far they have caught over 180 snakes. There are different kinds of snakes at the pit: bull-snakes, rattle snakes, garter snakes, water snakes and racers.

The Simac's sold the snakes to Earl Grimm in Harlowton. He will use the snake skins for shoes, belts and etc. The venom is used in medicine. The Simac's plan on killing the rest of the snakes before winter settles in order to control their population.

W.E.A. Scholarships

As an alternative to the WEA Scholarship Auction held each spring, the Winifred School Faculty is holding a raffle for a Y-Zinger Motorcycle. Total support is needed to make the raffle a success. Tickets will be sold at each basketball game until the end of the boys basketball season. The motorcycle will also be on display at these games.

The cost is one ticket for-\$2.00 or three tickets for-\$5.00. At each game there will be a bonus prize. Those who buy tickets that night will be eligible for the bonus prize and then all tickets will be put into the larger bucket to be eligible for the motorcycle. The staff would appreciate your support. All proceeds go toward scholarships for seniors.

HAPPY HALLOWEEN!
