Youth Range Forum '84

Tom Lechner has been selected as one of four youths to represent Montana at the 1984 Youth Range Forum. It will be held in Rapid City, S.D., Feb. 11-17. The delegates attending will be the first to evaluate the usefulness of a computerized grazing land management simulator. Tom will be competing in a public speech contest on Range Management. We all wish you the best of luck!

FFA Speech Contest

On January 19, the Winifred FFA Chapter held its annual Public Speaking Contest. The judges were Linda Tyler, Dave Phillips, and Steve Knox. First place went to Tom Lechner with a speech on Range Management. Second place was awarded to Kevin Econom with a speech on Sodbusting. Greg Hikel placed third with his speech on Poultry Production. Congratulations!!

Tammie Wins Award

Tammie Selph was the winner of the Soroptimist Citizenship Award. She received \$150 for her outstanding contributions to her community and school. The candidates were judged in the areas of patriotism, cooperation in home, community, national and international affairs.

Everyone would like to congratulate Tammie on winning this award.

DANCE

The Freshman class is sponsoring a Valentine's/Sadie Hawkins Dance on Saturday, February 11. A Sweetheart king and queen will be crowned at the dance and refreshments will be served.

The cost of admission is \$1.50 for singles and \$2.00 for couples. See you there!!

Happy
Valentine's
Day 

Energy Education

How would your organization like a chance to win up to \$400 and a trip to Washington, D.C.? Just join the Montana Energy Education Day (MEED) network and enter the MEED project contest.

Governor Ted Schwinden has proclaimed Friday, March 23, 1984 as Energy Education Day in Montana. Students, teachers, and even entire schools are getting "energized" for the event.

MEED can be celebrated in a number of ways: by organizing energy symposia, museums of student created exhibits, assembly programs, tours, school or community recycling programs, and energy-enriched curriculum activities. Your school will be receiving a MEED package containing additional project ideas, so contact your principal for details.

Cash prizes will be awarded to the top five energy projects submitted. The first place winner will also receive a trip to Washington, D.C..
