

# THE RIMROCK ECHO

— Eastern Montana Normal School —

VOL. VII

BILLINGS, MONTANA, THURSDAY, JAN. 23, 1936

NO. 3

## STUDENTS HEAR VISITORS TODAY AND FRIDAY

### Yellow Jackets Open New Gym With Victory Over Poly Hoop Team

#### Lose to Carroll Team By One Point In Hard Fought Battle

The Yellowjackets started their 1936 basketball season with a 28 to 27 win over their traditional rivals, the Poly. It was a hard fought battle throughout. At half time the Yellowjackets led 19-14.

Working a new style of zone defense, the Yellowjackets were able to stop the Poly time and again. Credit goes not only to Bob Zepp, who was the highlight of the evening with his uncanny ability for finding the hoop, but also to Elliott and Scully, who did a great bit of guarding in the back court.

#### Handle Ball Skillfully

Probably the most outstanding feature of the game was the ball handling by the Yellowjackets. Working as a unit all the time, they kept the ball "hot."

The Poly threw their defense around the foul circle. With orders from Coach Bjorgum, the boys shot from outside the Poly defense. In the second half when the Poly came out to break up the long shots, the Yellowjackets went in for close-up shots under the basket.

Lineups for the teams were as follows — Normal: Zepp, Johnson, Dowell, Gonzales, forwards; Elliott, Scully, Matross, guards; Chase, Serrine, center. Poly: Brown, Mahler, Kangas, forwards; Koyker, Magness, center; Mahler, Wilson, Mahler, guards.

#### Lose to Carroll in Hard Fought Game

Winning their first game of the season, Carroll College defeated the Eastern Montana Normal School's basketball team Friday night, 29-25. The Yellowjackets possessed none of the fight they displayed against the Polytechnic last week. Getting off to a poor start they were unable to overcome Carroll's lead until several minutes after the second half had begun.

Earls, rangy Carroll center, found the hoop frequently and led the scoring with six field goals.

Matching basket for basket the teams were tied at 25-25 with two and one-half minutes to go when Earls and Bartholomew scored the winning goals.

The lineup was as follows:

Bartholomew, F.....	Johnson, F
Copenhaver, F.....	Gonzales, F
Conn, F.....	Zepp, F
Earls, C.....	Dowell, F
McGonigle, G.....	Serrine, C
Riley, G.....	Chase, C
Baker, G.....	Scully, G
	Elliott, G

#### DIVISIONAL HOOP MEET WILL COME TO E. M. N. S.

E. M. N. S. will be hosts for the Southern Montana divisional basketball tournaments to be played off early in March. In these games eight class A teams and eight class B teams will compete for the opportunity to represent the division at Havre in the round robin play-off at which the state championship will be determined.

The high school teams of Anaconda, Billings, Butte, Butte Central, Custer County at Miles City, Dawson County at Glendive, Gallatin County at Bozeman, and Park County at Livingston will be the class A contestants. The eight class B teams will be those which have won in their respective districts.

This is the sporting event of the winter season, and it will attract hundreds of young people and adults during the three days of the tournament.

#### CLASSES SHIFT NEXT WEEK

The last classes of the "B" division will be on Friday, January 31. They will begin observation on Monday, February 3. The "A" division will finish observation on Friday and begin classes on Saturday, February 1.

#### SCARLET FEVER SCARE LETS US OFF EASY

E. M. N. S. has been particularly fortunate in the recent scarlet fever epidemic in Billings. Up to the present time there have been only three cases among our students and the outlook for the future is encouraging, since local health officers report that the epidemic is now on the wane. Miss Stevenson, dean of women, states that she is most gratified by this apparent indication of the excellent physical condition of the members of the student body. She recommends, however, that the students use adequate disinfectant gargles, and that they carefully avoid associating with any one having a cold or a sore throat.

#### Admit Slips Needed

For the protection of the students, Dr. McMullen has issued a bulletin stating that all students who have been absent are to report to Miss Stevenson's office upon their return, and obtain from her a written "admit" to classes.

The only cases of scarlet fever among students at present are Karna Miller, who is at her home in Columbus, Doris Dexter, and Ruth Thompson.

#### Evenden Speaks Today; New Head of University Friday Afternoon

Today at 4:15 in the auditorium, E. M. S. N. S. students and faculty members will have the good fortune to see and hear Dr. Samuel L. Evenden of the teacher training department in Teachers College, Columbia, in New York City.

While in the city the Evendens will be guests of Dr. and Mrs. McMullen. At a luncheon today at Miss Wood's Tea Room, they will meet the members of the faculty, after which Dr. Evenden will observe the plan of student observation and participation as carried out in cooperation with the Billings public schools.

Billings teachers and others interested in education are invited to attend the lecture.

#### Simmons Will Give Talk On Travels

On Friday at 4:15, Pres. George F. Simmons, who is in the city to attend a dinner given for him by the Billings alumni of the university and to speak at a guest luncheon of the Lions Club, will speak to our student body on the subject of his European travels.

He was recently appointed as president of the State University to succeed Dr. Clapp, who died last spring.

#### Dr. McMullen with Evenden in N. Y.

Dr. Evenden is a personal friend of Dr. McMullen, who acted as visiting professor in the teacher training department at Teachers College in 1924-25 while completing work for his doctorate. Mrs. Evenden and the daughter, Miss Louise Ann, are accompanying Dr. Evenden, who is beginning eight months leave of absence from his duties in Teachers College. They will spend the vacation in the west, chiefly Washington and California, but Dr. Evenden will have frequent speaking engagements. He is scheduled to speak at the Teachers College in La Grande, Oregon next Monday.

#### EXTENSION WORK CLOSES

This week marks the closing of the first semester extension classes offered by Mr. Hawkes, Miss Dewey, Mr. Bjorgum, Miss Stevenson and Dr. Hines. The second semester's work will be organized sometime next week.

The students making up these classes are teachers from Billings and vicinity.
