

THE RIMROCK ECHO

— Eastern Montana State Normal School —

VOL. VIII.

BILLINGS, MONTANA, FRIDAY, APRIL 30, 1937

NO. 6

E. M. S. N. S. TO HAVE SPANISH TYPE DORMITORY

Work of Art Department To Be Exhibited on Third Floor May 6

STUDENTS WILL SHOW METHODS OF WORKING

The tenth annual art exhibit will be held on Thursday, May 6, a month earlier than usual. The display of student work can be seen after one o'clock in the afternoon and all evening. As many of the exhibits as possible will be held over for continual display until Commencement Week. The public is invited to attend the exhibit on May 6th or to call between four and five o'clock on any day after May 6th. Students are asked to invite their friends.

A feature of this exhibit will be a model town and farm now being built to scale by the A, B and C groups. It will be on display in room 309.

Demonstrations of handicrafts will be given, as usual, in the evening from 8 until 10 o'clock in rooms 305, 309, 303 and 301. Mounted work will be on display in the third floor corridor.

The following persons have been chosen as student demonstrators under the supervision of Mr. Manion.

Tie-dye—Lois Simineo.
Batik—Viola Bliler.
Block Printing—Alvin Guthrie.
Wood Carving—Dorothy McMakin.
Celluloid—Ervin Bell.
Leather Tooling—Bonita Everett.
Copper—Margaret Morrison.
Jewelry—Joe Toohey.
Toy Making—Helen Hughes, Margaret Swandel, Ed Gremmer.

The committee on arrangements is: Maloa Nonhof and Helen Swan. Attendants and ushers will be Carolyn Swanson and Irene Hand.

With Miss Roberts as chairman the following demonstrations will be made:

Blackboard Drawing—Jean Hickok.
Basketry—Margaret Vanek, Elmer Kloster, Rosa Eisenman.
Weaving, Primary — Lois Bally; Intermediate, Helen Toothaker; Upper Grade, Gladys Torgrimson.

Cardboard and Paper Construction—Hope Rockwell, Franklyn Williams, Mildred Ephland.

Stick Printing — Primary, Joan Beene; Intermediate, Lola Lindeen.
Arrangements — Lois Sandbak, Kathryn Carlton, Mabel Haynes, Marilyn Duell.

RIMROCK ANNUAL TO BE OUT BY JUNE 15

The Annual staff has been working hard the past two months in order that they may have the Annual ready for distribution the first week in June. Half of the printing went to press April 15, and the rest of the material will be ready soon.

You will find that the 68-page (Continued on Page 8)

McMULLEN WILL MAKE SPEECHES IN EAST

The latter part of May, Dr. McMullen plans to be traveling in the east, giving several addresses at commencement and anniversary exercises. He will be accompanied by Mrs. McMullen.

On May 20 he will begin his trip by giving the commencement address at Worden High School. His next commencement address will be given at Kenton, Ohio on May 27. Dr. McMullen graduated from the Kenton High School 45 years ago. On May 28 he will talk at Noblesville, Indiana, which is the county seat of the county in which he was born. On June 1 he will address an audience of 1,500 people in the Cable Tabernacle for the Manual Training High School in Indianapolis, a city which is quite like home to him because 40 years ago he began his profession as a teacher of science in Shortridge High School in Indianapolis.

While on this trip Dr. and Mrs. McMullen will visit Mrs. McMullen's brother in Cincinnati. Dr. McMullen will visit the University of Kentucky, where he used to teach, and De Pauw University at Greencastle, Indiana, where he was graduated in June, 1897. On his way home for our own commencement he will stop at the University of Wyoming at Laramie for the semi-centennial celebration of that school on June 6. He will cover about 4,000 miles on his trip.

Undoubtedly, Dr. McMullen will have an opportunity to talk about the good qualities of our own school while he is traveling in the east.

VICTIM OF ACCIDENT SHOWS IMPROVEMENT

Miss Dorothy Ruggles of Shawmut, who was seriously injured in an automobile accident on Sunday, April 18, was operated on at St. Vincent's Hospital yesterday to set her pelvic bone which was broken in two places. Dorothy is now in a plaster cast and she is well on the way to recovery.

As she was returning to Billings from Shawmut she attempted to pass another car close by the Lake Elmo road. In order to avoid striking a car coming in the opposite direction she turned toward the Lake Elmo road, but the car got beyond her control because the brakes did not hold and turned over down the embankment. She was thrown from the car and pinned under it as it turned over.

Doris Barnes of Billings, first year student, and three other young people from the Polytechnic and the Business College were in the car but they received only minor scratches.

M. E. A. Members Will Present Dean Hamilton

Dr. J. N. Hamilton, Dean of Men at Montana State College, is to be the main speaker at the all-school luncheon, which is to be sponsored by the local M. E. A. on May 5, in the Normal School basement.

Dr. Hamilton, formerly the president of the Montana State College, and now dean of men, has served as an educator in Montana for nearly 35 years. He is one of the best known educators in the state.

As the program is to be a tribute to former educators and the progress of education, Dr. Hamilton's address will be concerned with Montana educators and their work. The remainder of the program is to consist of old time songs and recitations.

The chairmen of some of the committees are: Decorations—Helen McKee; Program — Rosa Eisenman; Menu—Norma Jager.

Service Club Formed By Freshman Leaders

A group of first year students met with Dr. McMullen Wednesday afternoon for the purpose of forming a service club to function next year. The intention is to have a responsible group of students who will aid in the school activities, many of which have heretofore been carried by the Student Council and committees appointed by the council. Such duties as acting as ushers and traffic policemen, organizing pep rallies and perhaps planning for special luncheons are to be taken over by the new service club. There is no name for the organization as yet. A committee composed of Bob Patterson, Vern Wagner and Lola Richard was appointed to draw up a constitution and by-laws.

Students and Faculty Will Go to Lewistown

Quite a representation of talent from our school will take part in the program at the State Conference of Rotary Clubs at Lewistown on Monday, May 3. Dr. McMullen will speak and Mr. Ridgely and Miss Terrell will give violin and flute numbers at the luncheon. At the International Relations dinner Sylvia Neiss and Marjorie Dunn will present a Mexican dance as the contribution of the Billings club to the International program. Each club in the state will present a number, typical of the country which it chooses to represent.

Mr. Abbott, who is a member of the Billings Rotary Club, will take the girls in his car.

ROOM FOR 72 GIRLS IN HOUSEKEEPING UNITS

At last, after great effort on the part of our president and the local board of trustees, Eastern Montana State Normal School is to have a dormitory.

Though the bonds have not yet been sold it is expected that the matter will be settled soon, so that work can begin in May, in order to have the building ready for occupancy next fall.

Board Authorizes Building

for. At its meeting on April 12 the State Board authorized the local building committee to sell bonds and ask for a P. W. A. grant for such a building. Immediately the architect started to work on the plans, and blueprints are about ready.

The one story stucco building will be located west and south of the present building between the new county road and the ditch. The plans are made from Dr. McMullen's own suggestions of a Spanish type building with a landscaped patio in the center. The front wall will have a tower, similar to the one on the Administration building, and a main entrance to the court. There will be a separate entrance to each apartment.

Equipped for Housekeeping

Each apartment is equipped for light housekeeping with a kitchenette, a bedroom which will accommodate two, three or four girls, and a large living room. There will be a bathroom and a large electric refrigerator for each two apartments. The students can regulate their own heat, for each apartment is provided with a gas heater. Trunks will be stored in the tower. There will be a storage room for potatoes and canned goods that the girls bring from home.

The \$40,000 building will accommodate from 36 to 72, depending upon the number of girls in each apartment. If three girls share one apartment the cost per student will be about eight dollars a month or \$72 for three quarters.

Rules Will Be Few

"The dormitory will be run on the same basis as our school," announced Dr. McMullen; "few rules to obey except to act like young women with common sense. The students will probably organize for self government. There will be a house mother to take care of sick girls and help with their problems."

Here is good news for some of the girls. Contrary to the regulations in most dormitories they can entertain their callers in their apartments. You see, girls, you can have as much freedom in the new dorm as you now have, with many more conveniences.
