Naval Aviator Flies
Around Famous Pole

NEW YORK, May 12.—Great Britain's
Great Northern flying ship, Norge,
made the flight in 15 hours and 50
minutes. Byrd, first to accomplish
this feat, said yesterday that he
would fly around the North Pole
immediately after the flight.

The Norge, on which they plan to
make a flight around the North
Pole, was equipped with a crew of
nine men and a large amount of
equipment.

The entire population of King's
Bay was out to welcome the
Byrd expedition, which plans to
explore the region around the
North Pole.

Sheep And Lambcs Go
Up In Point Month

THE UNIVERSITY OF MONTANA

MONTANA, May 12.—The spring
sheep and lamb market has shown
an increase of 300 per cent in the
past two months, according to the
latest reports from the state.

The increase is due to the fact
that the state's sheep and lamb
market has been increasing stead-
ily during the past month.

The state board of examiners also
approved the state's sheep and
lamb market, which has been
increasing steadily during the past
month.
