The Montanan is authorized to state that if Geo. M. Coffey is elected to the position of mayor next Monday that he will favor the construction of a sewer and water system for the town of Choteau, also the laying of concrete sidewalks along the lines suggested by the city engineer in his report to the council. He favors an economical administration of the affairs of the city, and promises his best endeavors to bring about the construction of an efficient and sanitary sewer system, a well regulated water system and the laying of cement sidewalks in our business and residence districts with as little delay as possible.

TWENTY YEARS AGO

Items of interest taken from the Choteau papers of this date twenty years ago.

Mrs. Bert Hofer is quite sick with la grippe.

Billy Hagen has been appointed jailer by Sheriff Hamilton.

Mrs. John A. Kennedy is suffering with la grippe this week.

The literary society will meet at the court house this evening.

Uncle Jake Smith is out for school trustee, and has requested us to so state.

Hugo Hirshberg, a nephew of Julius Hirshberg, lately arrived from Germany, is visiting in Choteau.

A new walk has been laid in front of the Teton Exchange by the owner of the building, Jake Smith.

Lawyer Bishop is expected to arrive soon from Great Falls with his family. They will occupy the Collins residence on Choteau avenue for the present.

Al Vance is now teaching the members of the Choteau band how to toot their horns. He will remain in Choteau some weeks before his return to Dupuyer.

Supervisor Doolittle is putting a fence along the road near the Teton bridge where the river has cut a high bank and made travel after dark quite dangerous.

On Monday the Teton Exchange will be again opened to the public, this time under the able management of Dave Able.

In our mention of court matters last week we neglected to speak of the able manner in which the attorneys for the defence handled their cases. Few men could have done as well for their clients as did Messrs. Bair and Bishoo. That Parker and Johnson did not go free can in no way be attributed to their legal advisors, nor did their conviction add to the renown of the prosecution. Pro and con, each did his duty and did it well.

The people of this vicinity were painfully surprised when, on Tuesday last, Under Sheriff Steele arrested and placed in jail Herbert Snyder and Wm. Cook, two young men who have always borne good reputations in the community. They were arrested for killing cattle, on the strength of a disclosure made by one James Dolan, who says he saw the killing and assisted them to secrete the offal. On Wednesday they were up before Justice Beaupre who, the state of being ready for a hearing, held Snyder to bail in the sum of \$1,000 and Cook \$500. The bail was quickly furnished and the boys turned loose until Saturday, April 7th. The accusation of Dolan is not generally believed to be true. Attorney Bair has been engaged for the defense.

There will be a literary entertainment at the Dupuyer school house next Thursday evening, April 5th. Dr. Drake, of this place, will render some of his inimitable recitations on that occasion.

Sheriff Hamilton escorted two of Teton county's convicts, Hacklin and Haflon, to Deer Lodge on Saturday last. Four more are yet here, Morris, Parker, Johnson and Fenty. Two of these will go forward next week.

Uncle Jake Smith says he has been recognized by the democracy at last. He is a tailor by trade and the other day he was offered the position of tailor to the county.

Jake says, however, that while he is a tailor, he is not taking such jobs as sewing up mattresses and doing the mending for the occupants of the county jail—not by a long shot.

Philander N. Knowles is rusticiating for a few days with his friend John Graves, at Bynum.

James Gibson is making substantial improvements in his business property, on Main street.

Judge Clements is here as attorney for Frank Sweeney, arrested for killing cattle belonging to others.

The piscatorial artists are out with rod and line these days, but so far all have met with indifferent success.

Mr. and Mrs. A. J. Vance have taken permanent abode in Choteau, occupying part of the Cowell residence.

A. K. Prescott, of Helena, in the sheep business with Charles McDonald, came in on the coach Monday to look over his interests.

Papers have been forwarded from Washington looking toward the granting of postoffices at Burton's, Freeze-Out and upper Teton.

The postoffice at Robare has been discontinued. The genial Tom Magee resigned and no one could be found to take the place.

Under Sheriff Steele returned from Helena Monday, bringing with him Frank Sweeney under arrest as an accomplice with Snyder and Cook.

J. E. Erickson has contracted for the erection of a substantial building to be used as a law office on upper Main street and the carpenters are now at work on it.

The mail now leaves Choteau for Dupuyer, Bynum, Piegan and the north on Tuesday, Thursday and Saturday and arrives at Choteau on Monday, Wednesday and Friday—a change to the summer schedule.

Mrs. T. M. Shaw came in Monday from her home in Helena and is visiting her brother, R. M. Steele. She is accompanied by her daughter, Lida. They will remain a month visiting relatives in and near Choteau.

John J. Healy, who started from Fort Cudahy, on the upper Yukon, for the United States, was badly frozen when three days out from the post and obliged to turn back. As it was necessary to make the trip, young Hamilton, who once before had made a similar trip across Alaska, was sent on the mission and after a trip of nearly two months he arrived in Helena last week.

Rev. Armstrong will be absent for a month. A portion of the time will be spent at Chinook where he will assist in dedicating a Methodist Episcopal church.

The meanest man in the city of Butte is the thief who stole John Reney's teeth, at the Stuttgarter saloon on the evening of Saint Patrick's day. Reney was sleeping in the saloon and the meanest man in Butte stole the false teeth out of his mouth. Reney is a great talker but he has not been able to make himself understood since, thus destroying the greatest pleasure of his existence. Reney thinks there should be a law to punish by banging any one who steals another's teeth.

Hamilton, March 28.—Two Beartooth forest. The highest is cases of spotted fever in the Bitter Root valley have been reported to the state board of health. Warm weather in the valley is accountable for the early appearance of the disease. Last year there were eight cases and seven deaths. Dr. L. D. Fricks of the United States public health service, is expected to arrive in Missoula tomorrow, to resume his investigations into the spotted fever disease.

Opinions by Kelly

Helena, March 28.—"A bank organized under the laws of this state may increase its capital stock, provided the unanimous consent thereto, and waiver of notice in writing is obtained of all the stock-holders, previous to the making of such a resolution by the directors of the institution." Attorney General D. M. Kelly so advises State Examiner H. S. Margraw, to whom the question was submitted by Julius Peters of Great Falls.

County Recorder F. R. Cunningham of Lewistown is advised by Mr. Kelly that the constitutional provision forbidding the increase or decrease of the salary of an officer during his term does not apply to deputies.

Washington, March 28.—There are six named peaks in Montana which have elevations exceeding 12,000 feet and several un-named peaks with altitudes greater than that height, says a report of the geological survey. These peaks are all in Carbon county, in the
