Fits and Misfits

Are being given to men all over town, but you'll never get a misfit here. We are experienced cutters and fitters, and make it a point to give every patron the best fit possible in the choicest fabrics, beautifully lined and finished and perfect in every detail of making. Yet we don't ask any fancy price for our superior suits.

TWENTY-YEARS AGO

Items of interest taken from the Choteau papers of this date twenty years ago.

Z. T. and J. R. Burton were in town Saturday. J. R. is here from Kansas and is looking over his interest on the Burton bench. He is much pleased with this country.

Two men who have been engaged in wolfing for the past couple of weeks came into town on Monday last with forty-one pelts for inspection by Inspector H. Harris. They consisted of forty cubs and one old wolf, and were killed in the vicinity of Rocky Coulee and Iron Springs. This is the largest haul yet made and means a saving of thousands of dollars to the cattlemen in this vicinity next winter. The bounty amounts to \$205.—Lethbridge News.

Walter Clark is off for a few days recreation at different points in the state. He left for Great Falls yesterday.

Orson Abel, the 11 year old son of Dave Abel, arrived here yesterday on a visit to his father. The little fellow came through alone from his home in Livingston without the least mishaps, which is quite remarkable, as route lay over three different railroads, a stop over at as many points and a ride of 30 miles from the nearest railroad station. Mr. Abel is much pleased with the little fellow's intrepidity and is very proud of his boy.

Mr. Perry Getts has taken the contract for carrying the mails from Brighton, on the narrow gauge railroad, to Choteau. Mr. Getts will start his coaches about the first of July. The people here will be sorry to lose him off the route here and the county seat. For the past year, rain or shine, hail or snow, the arrival and departures of the mails have not varied a minute. The people on the route he is soon to serve can congratulate themselves on having so faithful a carrier.—Rising Sun.

Smith & Ulm have shipped their wool to Great Falls.

Miss Grace Vance is on a two weeks' visit to Mrs. Frank Cooper at Cascade.

Mrs. Concannon left for Boulder Tuesday where she will hereafter reside.

Mrs. James Gibson left Tuesday on a visit to her people at Chestnut Valley. She will go to Salt Lake to visit relatives there before she returns.

In the populist convention held at Deer Lodge, Monday, Choteau, Beaverhead, Fergus, Dawson, Yellowstone and Valley were not represented.

Jimmy Stone's teams passed through Choteau Wednesday with the first installment of Clark Bros., wool. It was the first to pass through this season. There are many more to follow.

Ike Morehouse was in town Wednesday. He is the owner of the land at Bynum which our populist friends are so eager to get hold of for townsite purposes.

The second trial of Charles Jones, one of the Northern Pacific train robbers, and who is charged with the murder of Henry Schubert at Midvale, is set for August 6, in the United States' court at Helena.

W. H. Galliper, of Dupuyer, is in town today.

Byron Corson went to Great Falls Thursday on his bicycle.

J. C. McQuaig was in town on

Thursday. He is through shearing.

Dr. Wamsley returned Thursday from Deer Lodge where he attended the populist convention.

Mrs. F. W. Coombs came in from Helena on Thursday's coach. She went out to Charles Cooper's ranch where her little boy is sick with pneumonia.

Attorneys Bair and Bishop returned from Great Falls last evening after a successful presentation of their cases before Judge Benton of the 8th district at that place.

The pavillion is about completed. It is a much larger one than last year, and is fitted up in better shape now than then. In fact, everything points to a better arrangement for the celebration of this "Sabbath of the Nation."

Otis Whaley is building a new dwelling on Choteau avenue.

Rev. Armstrong will hold services here next Sunday morning and evening.

Mr. and Mrs. Bair are now occupying their new residence and will shortly be "at home" to their many friends.

The mails from Choteau to Blackfoot and to Collins will run daily, beginning Monday morning. No mail will be carried between this point and Steel after that date. The Montana Stage Co.'s coaches, however, will continue to run between Choteau and Steel, carrying passengers and express as heretofore.

Joe Kipp was in town this week from Blackfoot this week and says the Mormon settlers on Lees creek across the boundary line, cut all their timber, lumber and firewood on this side of the line there being none other handy. The Mormons have a large saw mill on the creek just on the Canadian side of the line which cuts the lumber for the settlers of that section using American timber exclusively. Mr. Kipp says that Agent Coke has investigated the matter and will report to the authorities at Washington. These depredations have been going on ever since the Mormons first settled on Lees' Creek, and great quantities of valuable timber have been removed from the public domain by these people.

Only Three Big Circuses

There are only three of the circuses of the first class traveling on the road today. That is, there are only three circuses carrying three rings in which the performance is given. These circuses are the Barnum and Bailey, The Ringling and the Yankee Robinson circus. All of these shows have three rings, two elevated stages and the usual hippodrome track where the races are held. The Robinson circus gives its Wild West performance in the hippodrome track. The other two shows do not carry the Wild West annex, but give a spectacular performance in addition to the circus.

The Sioux Falls Argus-Leader, speaking of the Robinson circus, states that the performance is on a par with either the Barnum or Ringling circus and states emphatically that the present Yankee Robinson circus will excel the Barnum show within a few years.
