

NORTH CENTRAL MONTANA CORN SHOW HELD SOON

MANY FARMERS WILL EXHIBIT AT THIS SHOW FROM TETON COUNTY

Much interest is being taken by farmers in this district in the First Annual North Central Montana Corn Show to be held at Great Falls November 5, 6 and 7, when exhibitors from Judith Basin, Pondera, Chouteau, Teton, Meagher and Cascade counties will enter the competition for the cash prizes and ribbons that will be awarded. A committee of the Great Falls Commercial Club has solicited more than \$300 in cash and a number of special awards for the show and an attractive premium list is assured. County Agent F. E. MacSpadden of Cascade county is actively assisting the commercial club in making arrangements for the big show while County Agent Blaine G. Ferguson of Pondera county, County Agent Charles Ruzicka of Chouteau county, County Agent Robert H. Clarkson of Teton county and R. C. Bricker of Judith Basin are lining up large exhibits in their respective counties.

Teton county will send from 800 to 1000 ears to the show, Pondera and Chouteau will probably enter more than 500 ears each, Judith Basin will send fully 500 ears and Cascade will probably enter close to 2000 ears. Meagher county is rather a dark horse so far but reports from White Sulphur Springs indicate that the growers in that district will spring some surprises.

One of the features of the show will be a display of Illinois and Missouri corn which will give visitors an opportunity to compare the corn raised in North Central Montana with that from the corn belt.

Ten ear classes at the corn show are as follows: Yellow dent, white dent, white capped yellow dent, Northwestern dent, white flint, yellow flint, mixed flint, white sweet corn, yellow sweet corn and popcorn. The first three places in each class will be awarded cash prizes and ribbons, and fourth and fifth places will draw ribbons. The Great Falls Implement company will award a corn grinder for the best bushel of dent corn.

The First National Bank of Great Falls will pay a total of \$100 in two special six-ear classes. Twenty-five dollars will be awarded for the best six ears of any dent, \$15 for the second best and \$10 for the third best. The same awards will be made for the best six ears of any flint corn. All corn entered for these prizes is to become the property of the bank for display purposes.

The Woodward special of \$5 will go to the best exhibit of mature corn raised at the highest altitude. Other special prizes will be awarded for the best single ear of any dent, the best single ear of any flint, the six largest ears of any flint, the six largest ears of any dent and the largest ear in the show.

COOLIDGE MAY SEEK G. O. P. NOMINATION

WRITES LETTERS TO PEOPLE IN ALL WALKS OF LIFE ASKING FOR INFORMATION

While the nation as a whole and the politicians in particular have been wondering about the attitude of President Coolidge the executive has been gathering the views of leaders in all walks of life at White House conferences.

For several weeks letters signed by secretaries to Mr. Coolidge have been going out saying that the president, desiring to get first hand information regarding the state of the nation, wishes to have the views of "men of vision and experience like yourself." It is suggested that the recipient of the letter name a time when he can conveniently come to Washington, so that an engagement can be arranged.

As the result of these letters Mr. Coolidge has been receiving leaders and laymen from every walk of life, "dirt" farmers, bankers, and other business and professional men, labor chiefs, religious workers of all denominations and creeds, and representatives of every line of industry. Many of these callers are invited to have luncheon with the president, who has let it be known that he considers this a part of his program of self education.

This program of the President's has been compared with the gathering of "best minds" of the nation at Marlon during the months before the late Mr. Harding assumed office.

Mr. Coolidge has said that since congress will be called upon to act upon his views and suggestions he intends to let the congress be first in receiving his opinion of affairs uppermost in the public mind.

A CORRECTION

In an article of last week, relative to the decision of Judge John J. Greene in the petitions for the return of liquor to G. F. Underwood and Andrew Streng, our second line in the heading read "Liquor Illegally Seized Returned to Claimant." This line as handed to the printer contained the word "not" before "returned" thus making an absolutely different meaning to the line. A reading of the news item will convince anyone that a mistake had been made in the heading as the judge ordered the illicit liquor and other articles of a like nature destroyed within five days by the sheriff, and, do doubt, his orders have been complied with before now.

Mr. and Mrs. Edward Hirschberg and Mr. and Mrs. Arthur Hirschberg were the guests of Mr. and Mrs. Frank Hirschberg of Fairfield Monday.
