## MONTANA WOOL TO THE FRONT.

Clark Bros. Secure the Prize for the Best Grown Wool West of the Mississippi.

Last Friday evening Bainbridge S. Clark, of Clark Bros. & Co., of Choteau, received the following telegram:

Boston, Mass., Aug. 26th.

Clark Bros. & Co.,  
Choteau, Mont.:

Your bar takes prize for best grown wool west of the Mississippi river and congratulations.

LUCE & MANNING.

This is good news for the western wool growers in general, Montana in particular and Choteau county especially. The area of country covered in the competition extends over more than two-thirds of the United States and nearly two-thirds of the 44,000,000 of sheep in the United States are within the competitive limits. Why should not Montana wool be eagerly sought after and bring a good price?

Western Choteau county sheep, particularly the herds from which the above mentioned wools were taken, have nearly doubled in value since the above announcement. Western Choteau county is now in the lead!
