Mr. Joseph Hirshberg left for Benton on Tuesday, where he will make a short stay previous to proceeding to Helena, where he intends spending the winter.

Prairie chickens, ducks and geese are plentiful. Now is the time for our town people to visit their friends in the country and enjoy a day or two of shooting.

H. J. Wackerlin returned yesterday morning to Neihart to superintend and push the construction of the large store building of H. J. Wackerlin & Co., at that place.—River Press.

There will be a meeting of the members of the "Corporation for Beautifying the Town" to-morrow afternoon at Smith & Waters. Don't forget to be on hand, all you who signed the roll!

Last Saturday Julius Hirshberg appeared before Judge Dunlap to answer to the charge of selling noxious drugs contrary to law. As no one appeared to prosecute the matter, the judge dismissed the case.

R. M. Steele has erected a fine dwelling on upper main street and will shortly occupy it. He will have one of the finest residence properties in town when the trees and shrubbery attains a little larger growth.

School was adjourned last Friday until next Monday in order to allow the teachers an opportunity to attend the Teachers Institute at Fort Benton, Monday, Tuesday and Wednesday of this week and to give the painters time to complete their work.

Last Friday the Jewell Nursery company delivered several hundred trees and shrubs to our citizens. Nearly every property owner bought trees which are to be set out in front of each lot. This will add greatly to the appearance of the town.

Charles McDonald, of Choteau, has filed in the county clerk's office a right to 1,000 inches of water to be taken from Spring creek, and John B. Hallway, of the same place, has filed a right to 300 inches from Deep creek, in Choteau county.—River Press.

An impromptu horse race came off on upper Main street on Wednesday between Joe Herron's little bay horse from Great Falls, and a sprightly little chestnut sorrel from across the line for \$20 a side. The race was a fine one and resulted in the defeat of the bay.

On Monday last Angus Bruce & Co., bought Fred. Palmerlee's interest in the feed and livery stables on the corner of Choteau avenue and Hamilton street. Mr. Bruce started Tuesday for Great Falls where he expects to purchase some stylish turnouts for the use of his customers. We bespeak for the new management a most prosperous season.

On Wednesday T. P. Crawford began the erection of a dwelling on Choteau avenue, and already there is much speculation as to who is going to occupy it, though the signs are such as point almost directly to the prospective tenant. Well, Tom, we congratulate you in advance and hope music's sweet harmony may always gladden your heart.

Last Sunday evening sixty-five lambs and one old ewe came to W. R. Ralston's ranch and applied for admission to his corral. Mr. Ralston kindly gave the old "mama" and her family shelter and food and made them safe from coyotes. The only mark on them was a "bar" on the side of some of the lambs. On Tuesday Mr. Ralston had not yet found an owner for the estrays.

J. E. Webb has the contract for painting the school house. He has several men employed and is rushing the work with all possible speed, so as to have the rooms ready for the re-opening of school next Monday. The entire structure is receiving from one to three coats of paint which gives it a very good appearance. Choteau has now the second

best school house in Choteau county and by far the best school.

The town of Havre is enjoying a good sized boom. Considerable building is going on and times are fairly lively there. The railroad company is erecting a large depot and warehouse and it is said the train dispatchers office will be moved to Havre as soon as the building is finished. A double track will be put in from Havre to Pacific Junction and other improvements are under way.—Great Falls Tribune.

Choteau county's tax payers are receiving neat little billets-doux from Treasurer Minar, inviting them to step up to the captain's office and settle. The amounts called for range from the \$11,000 of the Great Northern down. Choteau county's income from taxes this year, including the money collected for the state and exclusive of the road and poor tax, will amount to \$96,409.24 on a total tax levy of 18½ mills for the county at large and an extra half mill in school district No. 1.—River Press.

Prairie fires have been raging east of the Canada & Great Falls railroad for some weeks, causing the stockmen and ranchers of that section much uneasiness and hard labor about their ranges. The fires are supposed to be caused by sparks from the locomotives. The prevailing west winds have so far proved a protection for the range on the west side of the track, but a norther or east wind would drive the fire westward and south among the more densely portions of the country and create sad havoc in the settlements between the railroad and the mountains.

From Frank McDermott who came in from the Sweet Grass Hills last Sunday we learn that there are about 75 men now in the Hills and that considerable development work will be done this winter. A tunnel is to be run in on the Jumbo this winter, and some fine ore is looked for. McDermott returned on Wednesday with a complete mining outfit and is prepared to stay there all winter. He brought in some fine samples of ore and of which he says there is any quantity.

One day last week someone, just whom we have forgotten, came into our office and asked when the county commissioners would next meet as a board of equalization. The party, who ever he was, seemed dissatisfied with the assessment made in his case and evidently wanted to state his case to the commissioners. After inquiring into the matter we now, as we then did, reply

that there will be no such meeting of the board until next year. This year's meeting has been held and if the party has been wronged, there is no way of the thing being righted this year.

A man who deliberately peels the bark off a shade tree ought to be sent to the torrid zone, and made to stand there stark naked for forty scorching, hot days.

A fire was discovered at the rear of Byron Corson's store one day last week, but was promptly put out before any damage was done.

A social dance and "house warming" came off last evening at the residence of Robt. Steele, on upper Main street. A good time was the result.

Deputy U. S. marshal Adlam left for Helena Wednesday morning with U. S. prisoners Chas. Bertrau and Henry Plemondou, who were up before U. S. Commissioner Jenkins at Blackfoot agency on Monday on a charge of selling whisky to Indians. At the examination before the commissioner cases were made against the abovenamed two gentlemen and they were bound over to appear before the U. S. Grand Jury. A. N. Dean who was up before his Honor on a similar charge was dismissed for want of evidence; Geo. Starr and Chas. Choquette the two main witnesses against him having skipped across the line.
