## Dillon Youth Injured in Car-Plow Crash

Walter Christensen, 15-year-old son of Mr. and Mrs. Erwin Christensen, received serious facial injuries Sunday when the car in which he was riding crashed into the rear of a snow plow on Highway 43, four miles north of Wisdom.

The youth was brought to Dillon by Highway Patrolman Frank Brown, treated at Barrett Hospital and then transferred to Butte Community Hospital for further x-rays and examination.

Brown said the Christensen boy was a passenger in the auto, driven by John Rex, Jr., 15, son of Pastor John Rex, who with another son were also riding in the car.

The Dillon youth was the only one injured although the car was heavily damaged, Brown said.

The snow plow was being operated by Virgil Triplett of the State Highway Department at Wisdom.

## Bulldogs Trounce Northern; Beavers Edge Deer Lodge

Western's Bulldogs ran their current winning streak to four starlight and upped their MCC mark to a perfect 2-0 with a second-half surge which swamped Northern Montana, 86-59, here Friday night.

Coupled with Eastern's disputed 70-69 win over Carroll, the Western victory set the stage for the Bulldog - Yellowjacket meeting in Billings Saturday between the two undefeated clubs.

Northern proved a rough foe here Friday—for the opening 15 minutes. The Lights held an 18-17 edge after eight minutes and 24-23 after 13 before the Straugh sharpshooters went to work to forge a 44-35 lead at half-time.

With Sullivan and Silliker leading the parade, the Bulldogs continued their accurate basket barrage following intermission and took a commanding 56-40 spread to allow the reserves a final 15-minute workout.

Western blistered the cords at a 45 percent clip as they swished 37 of 82 fielders but were cool at the foul line with only 12 of 23. Northern hit 36 percent on 25 of 70 from the field but managed only 9 of 21 free tosses.

Sophomore guard Dick Silberman fired the Bulldog barrage with 19 points, 13 in the first half. Jack Silliker, the fine freshman center, added 18; Sullivan notched 16 and big Chuck Johns 12.

Northern's brilliant sophomore forward Don Miller posted 23, hitting 11 of 18 field goal attempts.

Coach Max Nield's Dillon Beavers posted what may have been their season's most vital victory here Friday as they survived a frantic fourth-quarter surge by Deer Lodge to edge the Wardens in a 54-53 thriller before one of the season's largest turnouts.

The win boosted the Beavers to a 2-1 mark in SW Class B play and dropped the Wardens, a pre-season pick, to 1-2.

An even-steven barnburner all the way, the game was deadlocked four times in the opening frame after the Nieldmen twice overcame four-point deficits to hold a 13-13 tie at the quarter mark.

Deer Lodge held slim leads throughout most of the second stanza before Ed Ferris shot the Beavers to 25-24 and 27-26 margins in the closing minutes. A last second lay-up by Tom Straugh sent the locals ahead 29-28 at half-time.

A tough Dillon defense limited the Powell five to only eight points in the third period as the Beavers pulled to six-point leads at 36-30, 40-34 and 42-36 going into the final frame.

### Furious Fourth

A bucket by Jon Womack and a three pointer by Jerry Donovan shot the Beavers ahead 47-36 with only six minutes remaining but a rash of successful free throw conversions by the Wardens quickly moved them back into contention.

A pair of charity tosses by Hamblin knotted the count at 51-51 with 1:45 left. Donovan cashed a gift shot to pull Dillon back in the lead but big Dave Enger, a rugged Warden workhorse, dropped a pair of foul shots to send the visitors in front, 53-52, at the minute mark.

Jim Womack calmly swished another charity pair to make it 54-53 Dillon with 33 seconds remaining and the locals regained control of the ball and called time out at the 28-second mark.

### Winning Shot Blocked

Deer Lodge stole the ensuing in-bounds pass and Enger, who had already notched 24 big markers, was given the ball for a final second shot which was deflected and rebounded by the Beavers.

Jerry Stone, last week's hero against Salmon, pushed up a 10-footer which cut the cords as the final buzzer sounded but, following an officials' huddle, the basket was ruled out and Dillon had its one-point victory.

The closeness of the contest was indicated by final statistics which showed both clubs with 20 field goals. The Beavers took the game at the foul line, hitting 14 of 21 while Deer Lodge converted 13 of 23.

Guards Ed Ferris and Jim Womack fired the Beaver attack with 18 and 17 points respectively while Enger took game laurels with his 24.

## New Industrial Report Carries Data on Dillon

The Beaverhead Chamber of Commerce had a vital part in the preparation of a new publication compiled and published by the Montana state planning board, with the co-operation of the industrial committee of the Montana Chamber of Commerce.

The new publication combines a directory of Montana firms interested in government procurement contracts, with supplements on research and development facilities in the state and detailed information from 38 Montana communities interested in industrial expansion.

Included is detailed information on Dillon, which was prepared by Avery Conine, Beaverhead C of C secretary in co-operation with the Montana Chamber's industrial committee.

"This directory is the first of its kind, combining up-to-date and essential information that will be of extreme usefulness in giving information to firms and industries exploring possibilities of Montana investment," said a joint statement from Director Thomas J. Collins of the state planning board and President John E. Tenge of the Montana Chamber of Commerce.

"The section providing detailed information from 38 communities would not have been possible without the co-operation and work of local Chambers of Commerce and other citizens' groups."

The 144-page publication is in three sections—one devoted to the community surveys, another listing firms interested in government procurement contracts and a third a survey of the three units of the University of Montana system that provide or desire government and private enterprise research and development contracts. They are Montana State University, Montana State College and Montana School of Mines.

Appendices list power and natural gas rates, cite general tax information and map railroad, highway and airline routes in Montana.
