LOCKWOOD FlexSpan

The extra acreage system that's more than a corner system

Mark Aire... harvests potatoes, not rocks

Lockwood's Mark Aire is unparalleled for harvesting potatoes in rocky fields. Like others, it digs up rocks and potatoes alike, but then, the similarity ends. The Mark Aire's unique fan-vacuum air system gently lifts potatoes out of the rocks onto cushioned chain for a smooth, more bruise-free ride all the way to the bulk box.

Exclusive Lockwood pillow cushion chain design reduces damage. Options include belted or hooked chain, hydraulic bed shaker, electric valve controls, transmissions, and much more.

Divide Irrigation is a total irrigation dealer, wheel lines, hand lines, PVC, aluminum, steel mainlines.

Complete electrical contractor.

Check with Divide Irrigation on changing your present wheel line to an end move system with the (new) Edge Walker conversion.

LACEY BRED FEEDERS... THE SELLIN' KIND—

Chase Hibbard
Sieben Livestock Inc.
Cascade, Montana

"We used to hire 6 pots to haul our calves to Iowa Now it takes seven — with less calves."

"We purchased our first Lacey bulls in 1978." We were pleased with the way they grew out and held up so the next fall I went over the records of the top bulls in the offering. I placed a lot of emphasis on maternal as well as growth ratios. We bought 10 bulls - many by "Great Scott" and put them to work in our cross bred operation (we run Hereford, Angus and Simmental). We gained 55 pounds in three years!

"The Boadle calves are some of the best we've ever bought. Jim's used the right kind of Herefords in his cross bred program. They're sure worth the money."
Kent Kerchal - Order Buyer - Producers, Sioux City, IA.

Jim Boadle
Augusta, Montana

Jim: "Our family has used Lacey bulls for nearly 30 years. We've topped the Omaha feeder show several times. Our Lacey bulls are also working back on the baldy cows we've kept. It's increased our weaning weights from 465 to 535 pounds. They really work for us!"

90 Bulls - 20 Replacement Females Sell Tuesday, November 9 at the Ranch

Featuring the get of SH Advancer 521 "Great Scott!"
In 44 Herds, with over 500 progeny reported, "GREAT SCOTT" added 50 lbs. per calf. (1982 report)
