#### BANNAACK.

Dredge Boats Resume Operations—Personal and General Topics. Special Correspondence of the Tribune.

BANNAACK, April 4.—The Graeter boat left the docks March 27th under a full head of steam and began the season's operation of washing those auriferous laden buckets of gravel. Owing to the early spring she has every prospect of a successful and long continued season. The Coast Company has put its dredge in fine shape and began operations the following day.

George White, superintendent of the Butte mine, situated near Polaris, came in from that district this week and gives a very favorable report of the mines of that district. In the Butte mine he is running a tunnel to tap the ledge at a depth of 125 feet, which is the depth of the original shaft. Although he left a large body of ore in the shaft, which was improving as depth was gained, it can be worked to a better advantage through a tunnel.

Dr. R. H. Ryburn has returned from a ten days' sojourn at Red Lodge, Mont., and we are glad he returned as his medical aid was needed many times during his absence.

The young ladies of Bannack have organized a baseball team, under the management of Kelly, which will undoubtedly prove the greatest success of the season. Miss Artie Gray, as catcher, will need no backstop; Miss Sherwood throws both regular and irregular curves, while Miss Bowman's oscillating movements as a first base player shows that she is an athlete; Miss Ellis is a Hercules at the bat; Miss Grace Gray a sprinter in the field and the manager makes first base with a "Slide, Kelly, slide!"

John Dolan has returned to his former position as midshipman on the Nellie Bly transport, plying between the shores of the Grasshopper and the Graeter dredge. The descendants of Rip van Winkle while away many leisure hours with rod and gun on the banks of the Grasshopper and among the evening gatherings on the Bluffs' pinnacled spires which are pretty hard to take in without insinuating that some one is a liar.

Wm. Hughes, who has been employed as motor man on the Electric dredge for several years past, has returned from Tex, Idaho, where he has been working some valuable mining property.

The rubber necks used to connect the sluice boxes on the dredges are of large dimensions, but they have not the elasticity which is found in our local, walking, automatic rubbernecks.

Wm. Under and Fred Gibson have signed an agreement to work a period of seven years for a rancher on the Grasshopper.

Wm. Lytle has returned from Butte and received a hearty welcome from his many friends, especially those who worked with him on the boat, and who always found him a true companion. Mr. Lytle has resumed his position as foreman on the Coast Co's dredge.

The Gold Dredging Co. have a force of men employed in cleaning out the water ditch which supplies power to run the dynamos. This looks as though we will soon hear the familiar hum of motors on the old dredge.

John Shaffer has returned from Argentina to work on the dredge. He is a full-fledged sailor.

As my taxes, that is, syntaxes, bother considerable and sharp facks run into my heel last night while hunting pargorie I close. TRUTH'S SECRETARY, VERACITY.

#### PAGEVILLE.

Eimer Page and Wife Lose Valuable Household Goods in a Fire. Correspondence of the Tribune.

PAGEVILLE, April 4.—Eimer Page has been moving from the Trostle ranch for several days past into his own house. Last Friday while they were burning off the grass around the house and backyard some papers caught fire in an outbuilding where their most expensive goods and clothing were stored temporarily and burned them all up. It is quite a severe loss to Mr. and Mrs. Page. Miss Hammond also sustained quite a severe loss in clothing.

Fred Page's new store is running full blast. He says he is having a fine trade.

Mrs. N. L. Page went to Dillon last Friday.

Mr. and Mrs. O. S. Gilman attended services with the Baptist people in this place last Sunday.

Mr. and Mrs. James M. Page went to Waterloo last Tuesday to visit their daughter, Mrs. C. W. VanOrdell.

Mr. Baird went to Red Rock and returned last week.

Weather is fine but news is scarce.

#### LIMA.

Nomination of School Trustees and Road Supervisors—Tame Base Ball. Special Correspondence to TRIBUNE.

LIMA, April 4.—Last Saturday night in response to a call issued by the school trustees, a meeting was held in the school building for the purpose of placing a candidate for school trustee before the electors of school district No. 12. At eight o'clock the caucus was called to order by W. F. Gardner who announced the purpose of the meeting. The following names were placed in nomination: A. T. Kellum and Lawrence Sellstrom and they will be voted upon next Saturday afternoon. Only one is to be elected to fill the two years' term. Following this meeting, at the same time and place, Joseph Wall and D. D. McKnight, both of Dell, were nominated as road supervisors. They, also, will be voted upon next Saturday.

Sunday afternoon a game of base ball was played between a Lima nine and a nine consisting of O. S. L. employes. The game was rather tame and resulted in a victory for the O. S. L. by a score of 37 to 18, with one inning to spare. A dance is to be given on Friday night for the benefit of the Lima team. The members will put themselves under training for the coming season.

Henry Drake is confined to his bed with a severe attack of tonsilitis.

The members of the M. E. Sunday school have commenced preparations for special Easter exercises which promise to be quite interesting as well as beneficial.

A ten cent social was given Wednesday night in the church.

Arthur Conger of Dillon visited Lima this week.

We notice posters around town calling attention to the annual ball to be given by Lima Lodge No. 40, I. O. O. F., on the 27th of the present month. This occasion is being looked forward to with interest by all who delight to trip the light fantastic. Everybody attending will surely have a good time as the members of that order can give an entertainment second to none.

Tuesday afternoon quite a heavy hail and thunder storm passed over this section. It was of short duration but very severe.

J. F. Bishop and A. L. Anderson, both of Dillon were noticed as passengers Wednesday.

Henry Gleed left Saturday for Salt Lake where he took his son to place him under medical treatment. The boy has been sick for some time, but owing to existing conditions it was deemed advisable to take him there. The many friends of Mr. and Mrs. Gleed extend their sympathy and trust their son may soon return restored to his usual good health.

J. L. Fishburn of Dillon is doing the painting on the Peate hotel.

The dwelling of C. P. Melton, formerly of this place, has been newly refitted in the interior. The work was done by our fellow townsmen, W. H. and F. Boule.

Miss Maud Terry of Dillon is visiting friends here.

Mr. and Mrs. White and family of Silver Bow are visiting in Lima and are the guests of Mr. and Mrs. J. C. Lee.

C. R. Byther of Crabtree was in Lima last week on business.

W. D. Fenner, agent for the Equitable Life Insurance Co., was in Lima a few days ago looking after the interests of his company. While here he secured quite a few very nice policies.

Miss Julia Grant has returned from Pocatello, Idaho, where she has been nursing the family of her brother, Peter, during sickness.

Mr. Cunningham, principal of our public school for the present term, left on last Friday night's passenger for his old home in Pennsylvania in response to a telegram received that morning announcing the serious illness of his mother. We trust on his arrival he will find her condition much improved.

Mrs. J. T. Xoe of Dillon has come to Lima to take charge of the school to finish the present term.

A special engine was run from Idaho Falls Wednesday afternoon which brought Dr. Larne to attend H. Drake who was reported by Dr. L. C. Ford to have tonsilitis. On his arrival Dr. Larne examined the patient and pronounced it a severe case of pneumonia. Mr. Drake is in a very low condition.

Rev. Smith and E. A. Bailey have returned from their trip to the valley.

A very sad incident occurred in our midst this week. Between Tuesday and Wednesday the thread of life was broken and the earthly career of Baby Halverson ceased to be. The baby had been ailing somewhat for about two weeks, but the illness did not seem to be of a serious nature. On retiring Tuesday night nothing unusual attracted the attention of the parents, and it was indeed a sad surprise when on awakening in the morning they found the baby dead, resting in its mother's arms. The funeral services were held this afternoon in the meeting house of the Later Day Saints. Elder Willison officiated and the services were largely attended.

The body was interred in the Lima cemetery. The parents have the sympathy of the citizens of Lima.

#### RED ROCK.

Just a Few Personals From a Very Quiet Little Town. Special Correspondence to The Tribune.

REDROCK, April 6.—Misses Edith and Flora Craver came down from Dillon where they are attending school and went to their home on Medicine Lodge where they spent Sunday with their parents.

Mrs. J. W. Scott returned Friday night from a shopping trip to Butte and Dillon. Mrs. F. E. Foote of Dillon came home with Mrs. Scott and made a brief visit, returning Sunday morning.

Chester Barrett, son of County Commissioner Barrett, returned to his home on Horse Prairie Saturday morning. Chester has been attending school in Dillon, but quit on account of being needed at the ranch.

Mr. Fenner, the Butte insurance man, was in Red Rock and vicinity last week. I understand he wrote considerable business.

F. W. Vogler, the manager of the stage line, returned Friday night from Midway station where he had been for several days on stage business.

A load of our people went up to Dell last Saturday to attend the Davidson auction sale. They brought home some good bargains.

Joe Shineberger left for Helena Sunday.

Born, to Mr. and Mrs. Arthur Butts, on Thursday, April 5th, a fine boy.

Martin Barrett of the Prairie was in town.

The Ward family have been on the sick list.

Elijah Ames and wife arrived from Maine Friday night. They left for their home on the Prairie Saturday.

Ike Rife was here the first of the week. He went to Dillon.

#### RYAN CANYON.

Large Herds of Cattle Moved to the Various Summer Ranges. Correspondence of the Tribune.

RYAN CANYON, April 2.—Selway Bros. and R. H. Selway moved their large herd of cattle to a summer range on Bloody Dick creek last week. There were nearly 500 head in the band. Messrs Templin and Nelson of Horse Prairie came down as far as Grayling to meet the cattle and help drive them to the range. In about a week another herd of about the same size will be driven to the same range.

Phil Lovell has already turned his band of cattle out on the summer range.

Bonj. Taylor and family of Grasshopper have moved to their new ranch on Rattle-snake.

Mr. and Mrs. Jacobson have taken possession of the Taylor ranch on Grasshopper.

Foreman John McManemy and men left Sunday to round up several hundred head of horses purchased recently by John Lovell of Dillon.

We understand several legalities were interviewing Mrs. McManemy in regard to the estate recently left her.

The McManemy boys moved their cattle from Mr. Farley's ranch to Grayling Saturday.

Mr. and Mrs. Martin McManemy entertained several friends at their hospitable home at Grayling recently. The evening was spent in various amusements. The recitations by the pupils were all good, and where all is good it is invidious to make distinctions, but particular mention must be made of the recitation by the teacher, Miss Cashmore who is a graduate from the Normal.

P. D. Parody of Twin Bridges was examining the copper mining property west of Grayling this week.

M. A. Hennesberry visited Grayling friends Sunday.

#### MEDICINE LODGE.

Small Band of Sheep Lost—New House Going Up—Spring Work Rushing. Special Correspondence to the TRIBUNE.

WYNO, [Redrock P. O.] April 4.—T. B. Craver had the misfortune to lose 175 head of sheep last week. It is to be hoped he will find them.

Mr. Driscoll of Butte has purchased 100 tons of hay from D. E. Metlen. It will be used to feed cattle for the Butte market.

Nels Nelson was on his ranch this week. He is having work done on his ditches preparatory to irrigating his meadows.

D. E. Metlen, after spending a pleasant visit with his family in Dillon, has returned to his ranch to look after his business.

Matt Johnson arrived Saturday from California where he spent the winter. He looks very well; his trip certainly agreed with him. He is ensconced in his home on Medicine Lodge. Wm. Proper met him in Red Rock and accompanied him to his home.

Elijah Ames returned home Saturday with his charming bride.—She is welcomed to this community by all his friends. We trust that she will be favorably impressed with this beautiful country and her new home and that she and her husband will have all the happiness this world can afford.

Frank Andrus has men from Butte, Bannack and Red Rock pushing the

# DR. PRICES' CREAM BAKING POWDER

Used in Millions of Homes—40 Years the standard. A Pure Cream of Tartar Powder. Superior to every other known. Makes delicious cake and pastry, light, flaky biscuit, griddle cakes—palatable and wholesome.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Avoid baking powders made from alum. They look like pure powders, and may raise the cakes, but alum is a poison and no one can eat food mixed with it without injury to health.

work on his new house. Henry Miller of Red Rock is bossing the job. Frank says he is tired of hatching and he is anxious to complete his house so he can move his family from Dillon where they spent the winter.

Wm. Proper was a recent caller at Wyno. He has moved his fine band of sheep to Pool creek.

T. B. Craver attended the Davidson sale last Saturday.

Everyone seems to be very busy. Business is good and things are booming.

We visited the mountains yesterday and while we were there it rained quite a shower. Quite refreshing was the shower and the sunshine which followed.

The rainy days willadden, just for a little while. But how one ray of sunshine makes this old world smile.

#### DELL.

The Davidson Auction Sale—Items of Personal Interest. Special Correspondence to the Tribune.

DELL, April 5.—The Davidson sale was a financial success. Many articles sold at very near their first cost. With very few exceptions everything brought its full value.

Harry Rash of Blacktail was over to attend the sale and bought some heavy machinery.

J. B. Fenner, agent for the Equitable Life Insurance company, was here this week insuring our lives.

T. B. Craver and J. W. Scott were prominent bidders at the sale. Charles Trux of Lima also made some good purchases.

Percy Flynn has accepted the foremanship of Joseph Hains' cattle and took the last of them to the range this week.

The spring is said to be about 30 days earlier than usual here. Many of the ranchers are about through seeding and the range is quite green.

The selling of the Davidson property was made easy owing to the care taken in the buying. Mr. Davidson kept no shoddy stuff about him, but has always been careful to buy the best.

#### BLAINE.

Personal Pointers Pertaining to People on the Border of the County. Special Correspondence to the Tribune.

BLAINE, April 4.—Cass Sheridan, J. P. Darnitzer and Miss Eva M. Morris were the guests of J. H. Mailey while he was sick; the last day of his illness quite an enjoyable time was had playing barbards and crokinole.

John D. M. Morton of Dillon recently spent a few days with Mr. and Mrs. C. W. Maurer.

Mrs. F. A. McCoy and family of Emma spent a week with her sister, Mrs. Mailey. Chas. Morris, who is mining on Stone

creek, visited his uncle on Stone creek last week.

F. C. Swartz went to Butte last week. Mr. and Mrs. Carl Swanstrum were recent callers at the River Bend ranch.

VALL G.

#### POINTED PARAGRAPHS.

Good advice very often turns out to be impracticable.

A miser is one of the things that will keep in any climate.

By taking up a collection the minister gets the cents of the meeting.

The printer is a generous, whole-souled fellow—he is always setting 'em up.

Verdict of a rural jury: "We find the man who stole the horse not guilty."

A man wouldn't be able to recognize himself if he were what a woman thinks he is.

The laborer is all right in his place, but the loafer is too lazy to look for a place.

When you have occasion to question a man's veracity it is usually advisable to use a telephone.

If some people would tell what they know instead of what they believe they wouldn't have so much to say.

Charity should begin at home, but judging by the way relatives talk about each other it very seldom does.

Racks and thumb screws were used to torture people in ancient times, but in this age of enlightenment nothing remains but the camel-hair undergarment.—Chicago Daily News.

#### Mean Man's Mean Trick.

It was a mean trick, of course, and some day she will doubtless get even with him. She saw him take a piece of paper from his pocket, carefully fold it up, put it in an envelope and then place the envelope in one of the far corners of the drawer of the library table.

"What's that?" she asked.

"Oh, nothing of any importance," he replied.

Now, if he had simply thrown it carelessly into the drawer she would have thought nothing of it, but the care he took to put it clear over in the far corner and the fact that he seemed ill at ease after he found that his action had been observed aroused her curiosity. She wondered what it was, and she reasoned with herself that he had said it was "nothing of importance," so he would have nobody but himself to blame if she took a look at it. She was justified in inferring from his words that there was no reason why she should not. And this is what she read on the paper:

"I'll bet you a new hat your curiosity will not permit you to let this alone?"

It was a terrible predicament in which to place a woman. How could she claim the new hat without giving herself away?

Cleveland authorities expect to complete, during the year, a tunnel bringing water to the city from a point five miles out in Lake Erie.
