

MARY WORTH'S FAMILY

GLEN NEWS

•Carolee Kambich

Well, Pop, it seems our lovely valley has turned into a place of misery and woe. More folks seem to have been in and out of the hospital than seems natural for a little community of this size. Tom Simpson was a patient in a Missoula hospital. Frank Sconfienza and his sister-in-law, Lillian Pykonnen were also in Missoula hospitals. Mrs. Anna Lesage (the mother of Mrs. Grogan), Lars Kaista and myself were in hospitals in Butte, and last, but not least, Mrs. Shirley Rogers of "Millville" had a sojourn in Barrett hospital in Dillon. This was the only pleasant stay of all, because a little girl was born there to Mr. and Mrs. Rogers. Both the baby and mother are now back home. Mr. and Mrs. Aaron Beltz are the proud grandparents.

Mr. and Mrs. Ashley Roberts and Bill Roberts of Helena, Mrs. M. Roberts of Butte, and Marian Lea Roberts of Denver, Colo., were guests of Maggie and Janey Bryan at their ranch at Glen.

Maggie Bryan has also been on the sick list and we hope she, too, is feeling better.

Ferd Schmidt attended the Denver livestock show last week.

Mr. and Mrs. Duane Reynolds were Butte visitors recently and also went to Superior, Mont., to visit relatives.

Mr. and Mrs. Rudy Kruljac and Mr. and Mrs. Bert Kruljac were callers at the Duane Reynolds home at "Millville."

Earl Rooth, Butte photographer, met with a serious accident while he and Mrs. Rooth were spending a weekend at their cabin at Birch Creek. Mr. Rooth fell and a broken rib punctured his lung. It was necessary to call an ambulance to move him to a hospital in Butte, where his life hung in the balance for many days. We are glad to report that he is now on the road to recovery.

Joe Grogan made a trip to Butte last week.

Mrs. Carl Kambich, Mrs. Bill Garrison and Mr. and Mrs. Nick Salvo were among those from this vicinity who attended the funeral of Dr. Stanchfield. We all extend our deepest sympathy to Mrs. Stanchfield. Dr. Stanchfield wasn't just your doctor, he was your friend. The last time I saw Dr. Stanchfield was the very day he suffered his heart attack, and his last words to me were an act of kindness. He told me he would be in Denver when I was, and if I needed him for anything, night or day, just call his address. Fate is very uncertain, because it turned out that neither of us went to Denver. We will always remember the doctor's many acts of kindness to us all and never forget him.

The folks at Glen also extend their sympathy to the family of Otto Boetticher of Melrose. Several folks from the valley attended his funeral services.

Carl Kambich and son Donnie and Rudy Polish and son Robert spent Sunday afternoon cutting wood for the Sagebrush Club fires at Joe Grogan's hall. The Grogans have been very nice about letting the clubs use their hall and all the 4-H members appreciate this a lot.

Kenneth McGinnis and his brother went to Bozeman last week to visit their mother who was injured.

Mr. and Mrs. Gilbert Reilly went to Butte Friday on business. The Edmontons of "Millville" visited relatives at Sheridan.

Mrs. O. McQuiston, her son Glen and Mr. and Mrs. George Reichle were Dillon shoppers, as well as Mr. and Mrs. Gene Roberts.

Joan Emery has returned from her trip to Billings.

Frank Mihelich of Butte was down for a few days at our place. He, too, has had the horrible virus that struck some of us down and has shakely nerves as a result, too. So the ordeal he had on the way home didn't help the nerves any. He was stalled for several hours on the road to Butte and finally had to go the rest of the way on the rim.

Mumps are rearing their nasty big heads around our community and will no doubt visit us all before too long. The McGinnis son seems to be the first victim, and we hope he will feel better soon.

Mrs. Effie Cocanougher became severely ill yesterday. Her daughter Mae was called from her home near Twin Bridges.

The polio dance at Glen was very successful and drew a large crowd. An announcement of the amount made will be made by the chairman of the drive soon. We would like to thank all the folks who worked, donated and sold tickets for this worthy cause.

Well, Pop, the rest of the news I had is too old, so this will be all. Thank you for your lovely "get-well" card, and thanks also to the members of the Dillon PEO for their beautiful card, as well as to

all the friends who extended their sympathy to me for going to the hospital instead of to Denver. It was the worst blow of my life to miss the trip, but I am glad our agent, Ed Atkins got to go, and hope he and the other three boys had a wonderful time.

COLLEGE NOTES

Mrs. Zella Flores represented Western at a regional meeting of the NEA Commission on Teacher Education and Professional Standards, held in Salt Lake City Jan. 23-24. For several years this group has worked for higher standards

in teacher training and recently has taken on the sponsorship of the Future Teachers of America.

Dr. John Cumming and Dr. Harold Erickson are spending Wednesday in Deer Lodge, visiting schools and contacting the graduates of Western, as a part of a pilot study in the evaluation of Western's teacher-training program.

Western was represented at the University Faculty Council meeting in Helena Jan. 21 by Howard Smith, chairman, John Garry and Genevieve Albertson.

Elizabeth McFadden, Dillon, and Myrtle White, Butte, accompanied by Professors Ralph McFadden and Brinton Jackson, were in Deer Lodge Monday evening to present a musical program before the Deer Lodge Woman's Club. Each one presented a group of vocal and piano numbers.

Several thousand circulars, explaining the work offered at Western, have been mailed to high school seniors throughout the state.

WE BUY ALL KINDS OF SHEEP EVERY DAY IN BUTTE

WELL... IT HAPPENED!

We made about 20 mistakes...and you can save on each and every one!

In our tremendous selling campaign of the beautiful NEW 1956 Fords during November and December, our sales force (bless 'em) brought us so many deals we just lost our heads. Whatever the reason, WE HAVE JUST PLAIN GOT TOO DARN MANY USED CARS... But our business is selling cars—not storing them. So, in spite of the fact that we stand to lose our profit (and our shirt), these boners have got to be sold, so prices have been slashed on each and every one because we must have sales action RIGHT NOW!

Yes, we went wrong... but you can't! Just take a look at these prices!
