FIRST VOTE IS TAKEN IN LEGISLATURE FOR U. S. SENATOR

Helena, Jan. 10.—The initial ballot of the twelfth legislative assembly in an effort to elect a successor to United States Senator Thomas H. Carter had the expected result, that is, no candidate received a majority of the votes cast, and judging from apparently well authenticated reports, no choice is likely to be made for some time to come. The vote was taken in separate houses today, but hereafter the ballot will be cast in joint assembly at noon daily.

Today's ballot resulted as follows: In the senate—Carter, 9; Walsh, 7; Conrad, 4; Lindsay, 2; Speer, of Great Falls, 1; Svindehurst, 1; Bourquin, 1; Pray, 1; J. G. Blair, of Teton county, 1; Raach, 1.

In the house—Carter, 22; Walsh, 21; Conrad, 14; Goddard, of Billings, 1; Svindehurst, 1. A. Livingston, 1; White, 1; Umphreys, 1; Marshall, 1; Associate Justice Smith, 1; Hayes, of Great Falls, 1; Bourquin, 2; Pray, 1; W. F. Meyer, 1.

Thus, Carter led on the first ballot with 31, as against 28 for Walsh and 18 for Conrad. Bell voted for Goddard and George for Walsh. McCone and Sykes voted for Lindsay, of Dawson county.

Whiteside was the only member of either house to explain his vote. He paid a glowing tribute to Conrad as an empire builder and said the greatest man of the present age was he who made two blades grow where only one grew before. While acknowledging the ability of others as brilliant debaters and eminent statesmen, he said Conrad's knowledge of irrigation and agriculture would serve the people best.

In the senate a number of bills were introduced, including the following: Leighton, limiting the number of new counties that may be created; Duncan, relating to water rights; Donlan, increasing the salaries of the attorney general, secretary of state and treasurer and secretary of the board of health; George, relating to the transportation of school children; authorizing the division of school districts having more than one building; providing how pupils may change school districts, and prescribing a method for the execution of school district warrants; Selway, relating to the adjudication of streams.

The judiciary committee submitted favorable reports on a number of bills, including punishment for wife desertion, defining extreme cruelty; allowing district judge expenses money when sitting in an out dis-

ANNUAL BANK MEETING.

Baker Institute Elects Its Officers for the Ensuing Year.

The annual meeting of the stockholders of the Baker State bank was held Wednesday morning. Those present from out of town were A. G. Baker, F. R. Savage and James Hunter, from Miles City, and Joe M. Herman, from Midland. The resignation of Director R. L. Anderson, who has gone on a year's visit to Scotland, was accepted. The following directors were chosen: R. E. Morris, W. G. Lang, J. M. Herman, William Fulton, David Bickle, J. H. Price, F. R. Savage, the latter taking Mr. Anderson's place. There was present in person and by proxy 145 shares represented.

The directors met Wednesday morning when the resignation of President Morris was accepted and F. R. Savage elected to the presidency. William G. Lang was reelected vice-president and R. F. Smith, cashier.

The new president, Mr. Savage, is a young man of wide banking experience in the east, at present engaged in an official capacity with the C., M. & P. S. railway at Miles City.

The growth of this bank during the past year has been highly gratifying, not only to the stockholders, but the patrons and the community. Carrying deposits of \$53,332 a year ago it now has a showing of \$96,550 in that column, which is made up of 386 accounts and 142 a year ago. In addition is the fine brick banking house, costing \$5,000, fitted upon the interior with elegant appointments at a cost of \$1,000 more. The ability, integrity and personal popularity of President Morris and Cashier Smith have contributed very largely to the bank's prosperity, coupled with the financial standing of the directors.

The outlook for the coming year augurs even greater advancement for the Baker State bank.

There will be no rest for the lawmakers after Monday, unless they decide to get busy immediately and select a man to represent Montana in the senate of the United States. The law calls for consecutive daily ballot until a choice is made by the joint assembly.

MAKING BIG PLANS FOR THE BIG SHOW

IT IS EXPECTED THAT MONTANA WILL BE FAIRLY WELL REPRESENTED.

The program for the fourth annual National Corn exposition, to be held January 30th to February 11th, in the eight immense buildings on the Ohio state exposition grounds, has just been completed, and provides for one of the greatest national agricultural expositions ever held in the world.

closed walks, comfortably heated and closed walks, comfortably heated and brilliantly illuminated, in all resembling a great summer garden with palms and plants and tender growing crops, giving the visitors a whiff of nature which will more remind them of a balmy June day than of the winter season.

This great National Corn exposition will be a grand round up of all state agricultural shows at agricultural meetings. The name "Corn Exposition" does not mean that only corn will be shown, for all grains and grasses, the prize winners only, at the various state shows will be in competition for the valuable national trophies.

More than thirty-five states will have competitive exhibits. Twenty-five state agricultural colleges and experiment stations will have scientific exhibits, each demonstrating its most advanced experimental work. These exhibits, which will be in charge of expert demonstrators, will deal in a practical way, with nearly every phase of the science of agriculture. For instance: North Carolina will emphasize the cotton industry—from the growing plant to the manufactured article—with cotton gin and loom in actual operation, while Illinois will especially emphasize its soil work. Never before in the history of the world has there been such a showing of results in agriculture, based on scientific investigation.

The federal department of agricul-

ture will be represented with famous exhibits which fills two large furniture cars, and which has just been returned from the international exposition at Buenos Ayres.

Important among the many meetings, exhibits and other special features of this greatest of agricultural expositions may be mentioned the meetings of the American Breeders' association; the Ohio Dairymen's association; the National Rural Life Conference, the Ohio Conservation association, the Ohio Corn Improvement association and numerous live stock associations. There will be special features of vital interest to the Y. M. C. A., churches, colleges, schools, the farmer, and the city man and their families alike.

Special entertainment features will include a two-ring winter circus, band concerts with vocal soloists, and moving pictures.

Speakers of nation-wide reputation will deliver addresses daily on the national corn exposition program.

(From Miles City Independent.)

Hold Examinations. Miss Mary Lee Wilson is arranging for the next eighth grade examinations, which will be held at the Lincoln school on January 19th and 20th.

Tickets to Miles. It is unofficially reported that colonists tickets this year will be sold to Miles City and not to Fergus county points as last year. Making this the terminal point would mean a great deal for Custer county and especially this year as it is understood that the influx of new people will be larger than ever before. It is expected that the first tickets to this section will be sold about the first of March.

Re-Appportionment. Senator Sykes has introduced a re-appointment bill on the 4,000 basis and it is understood that there are a number of eastern Montana lawmakers who will vote for the same. There are several other measures of a like nature also up and it is understood that one bill soon to be introduced will be on the basis of 6,000 population. This bill would give Custer three representatives as the population of the county is 18,000.
