J. E. Prindle, Sec-Treas.

That there is a growing demand for land in eastern Montana is made evident by the fact that 110 filings were made in two days last week at the Miles City land office, according to the Stockgrowers Journal.

Cal Bartlett, who is being held with out bail charged with the murder of Cale Parsons to await the next session of the district court, was allowed to make proof on his Teedee homestead last Thursday, at the Miles City land office. The original date for the hearing was Nov. 8th before Commissioner Hayes in this village.

J. J. Butcher was up from Westmore early in the week, and made us a pleasant call. Mr. Butcher's crop was entirely hailed out in July and yet in spite of this setback, his wheat threshed out 11 bushels to the acre. There is surely nothing wrong with Montana soil conditions when a crop, like Truth, "crushed to earth, will rise again," and bring forth a comparatively good yield. Others in that locality who were hailed out also report very fair yields.

Miles City Journal—Kenneth McLean has returned from Ismay and among other signs of business activity in that section he ascertained that over 50,000 bushels of grain have been received; at the elevator there already this season and there is still an immense amount to be threshed. There is also in process of construction there, an ice house and creamery, the ice house being both as an adjunct to the creamery and to supply the needs of the community for unadorned frididity.

The foundation of the new icehouse for the creamery is completed and the work on the superstructure will be started by Contractor Gensley soon.

It is reported that J. Ogden Armour the Chicago packer has wrested controlling interest in the Milwaukee road from the Rockefeller. Hip! hip! for Og!

Dr. Cheeny of Miles City, deputy state veterinarian, was here several days last week examining some horses as required by state law when they are sold to be delivered outside the state.

McGillivray and Phil Berntgen are putting up houses on their respective homesteads southwest and west of town: G. E. Shipman is building both house and barn on his place on Whitney creek.

## A Happy Event.

Mr. Editor:

I am going to ask you for a little space in your paper to express my appreciation of a visit I had the pleasure of making in the country on Wednesday, the 20th. As this is the first time I have asked this favor I hope you will grant it, although I expect some of your readers will hope that it will be the last. It was my pleasure to accept an invitation to the wedding of Mr. Clarence Wilson and Miss Lula Rosenberger, which was solemnized by Rev. Williams in the presence of a few invited friends. The wedding took place at the home of Mr. and Mrs. Mitchell, some fourteen miles west of Ismay. The ceremony took place at high noon and as soon as the bridal couple had received the congratulations of the assembled guests, we partook of a bountiful feast. Mrs. Mitchell is certainly at home when it comes to preparing a good dinner, and the way we took part in clearing that table was a scene great to behold. In performing the marriage ceremony Rev. Williams did very well; in congratulating the happy couple he did even still better; but when it came to eating chicken, he proved himself a hero.

Mr. and Mrs. Wilson will go to housekeeping on their claim adjoining the Mitchell home.

One-who-was-there.

We can do your Job Work.

## Teachers' Examinations at Baker.

For the benefit of any teachers who may find it more convenient to attend the teachers' examinations at Baker than at Miles City, I wish to announce that Mrs. Ed Lake will hold a teachers' examination in the Baker School House, Nov. 29-30, 1912, beginning at 9 o'clock a. m.

The granting of an examination at any point along the railroad other than the county seat, is a departure from the old established custom. The state superintendent has been persuaded to grant the privilege at this time in order not to work a hardship on those teachers who have just recently attended Institute at Miles.

## Read the Big Store ad.

In some unaccountable manner we omitted to publish a notice in our issue of last week, telling of a splendid chicken pie supper at the Whitney creek schoolhouse tonight. We got out posters and mailed out a large number of them, and sincerely hope the affair was the success it deserved to be.

The editor and family spent Sunday at Plevna, the occasion being the 14th wedding anniversary of Mr. and Mrs. L. A. Conser. They were made the recipients of several beautiful gifts, and the affair was a very happy and enjoyable one.
